

LOVE DRAMA

Curriculum for Excellence Workshops

Health and Well-being: | Encouraging Enterprising Ideas

Content

Join the discussion at the Prime Minister's Cabinet Meeting. Debate the challenges facing the nation and help find the solutions that can change the world. Pupils will participate in role-play activities to immerse themselves in the fast-paced world of politics.

In this workshop the pupils will explore approaches to creative and innovative problem solving in order to understand the ethos of entrepreneurial actions. Using examples from their own lives and work the pupils will tackle their issues in an attempt to find positive solutions.

By using drama games and exercises the pupils will have the opportunity to test their ideas and approaches in an engaging and thought-provoking way, whilst in an environment that enables analysis and development. This workshop will allow the participants to be creative, flexible and resourceful as well as giving them the tools to take initiative, work independently and translate their learning into real world contexts.

Learning Level

Suitable for second stage students with information and delivery adapted to the needs of your class.

Space

A large clear space, most suitable would be either a gym or assembly hall.

Time

Early/First – 60 minutes

Second – 90 minutes

Additional Information

As with all of our workshops it is extremely important the class teacher stays with the group at all times. This ensures that the learning experiences and outcomes are shared and that our workshops contribute effectively to the development of each and every young person.

Love Drama prides itself on creating a bespoke service that meets the needs of its clients. Love Drama is flexible and responsive to individual requests and the dissemination of all workshops can be tailored to complement the outcomes and experiences you have included in your forward planning. You may choose to work with us in a one-off session, over four weeks or for the duration of a term, in order to create a learning experience that effectively supports all participants. If you have any queries regarding participation within these workshops, please do not hesitate to contact us.
