

LOVE DRAMA

Curriculum for Excellence Workshops

Drama: | Skills

Content

Let's have a wander up the Royal Mile when the Edinburgh Festival is in full swing. What kind of street performers can we see, what grabs our attention and what could we perform ourselves?

The participants will become immersed in a group imagination exercise where they are allowed to create and develop characters that represent various skills in drama. The pupils will explore clowning, improvisation, voice, movement, mime and puppetry in an energetic and engaging session, which introduces key drama skills in bite size tasters. In this pupil lead session they will have the opportunity to discuss the kinds of skills they would like to learn and develop.

Learning Level

Suitable for early, first and second stages with information and delivery adapted to the needs of your class.

This workshop is also suitable for teachers, educators and youth workers in order to provide additional skills in facilitating learning.

Space

A large clear space, most suitable would be either a gym or assembly hall.

Time

Early/First – 60 minutes

Second – 90 minutes

Additional Information

As with all of our workshops it is extremely important the class teacher stays with the group at all times. This ensures that the learning experiences and outcomes are shared and that our workshops contribute effectively to the development of each and every young person.

Love Drama prides itself on creating a bespoke service that meets the needs of its clients. Love Drama is flexible and responsive to individual requests and the dissemination of all workshops can be tailored to complement the outcomes and experiences you have included in your forward planning. You may choose to work with us in a one-off session, over four weeks or for the duration of a term, in order to create a learning experience that effectively supports all participants. If you have any queries regarding participation within these workshops, please do not hesitate to contact us.
