

# LOVE DRAMA

## Curriculum for Excellence Workshops

Literacy: | Scots Language | The way I talk

### Content

Working with the Love Drama facilitator in role as Hamish McTurkin, the class will explore the Scots language in a fun and stimulating manner which will ensure they have a brow time! Pupils will gain an understanding and appreciation for the Scots language, exploring the way they talk and how that relates to others around them. Focusing on Scots language the pupils will be able to explore how language changes and develops over time whilst also taking a look at the language they hear on the television or read in books. The pupils will be encouraged to explore the spoken and written word in dynamic and active exercises that bring to life the vibrancy of the way in which we all communicate.

### Learning Level

Suitable for early, first and second stages with information and delivery adapted to the needs of your class.

### Space

A large clear space, most suitable would be either a gym or assembly hall.

### Time

Early/First – 60 minutes

Second – 90 minutes

### Additional Information

As with all of our workshops it is extremely important the class teacher stays with the group at all times. This ensures that the learning experiences and outcomes are shared and that our workshops contribute effectively to the development of each and every young person.

Love Drama prides itself on creating a bespoke service that meets the needs of its clients. Love Drama is flexible and responsive to individual requests and the dissemination of all workshops can be tailored to complement the outcomes and experiences you have included in your forward planning. You may choose to work with us in a one-off session, over four weeks or for the duration of a term, in order to create a learning experience that effectively supports all participants. If you have any queries regarding participation within these workshops, please do not hesitate to contact us.
