

# LOVE DRAMA

## Curriculum for Excellence Workshops

### Transitions from Primary to Secondary Workshop | Something New

#### Content

This session offers an opportunity for an open discussion about the issues relating to the transition between Primary and Secondary education. In an entirely pupil lead workshop an array of games and exercises can be presented to the participants in order for them to explore what that transition means to them. The session will utilise the device of Forum Theatre, which allows both actors and observers the opportunity to stop, discuss and change the short scenes they will

create in an attempt to alter the outcome of what they are seeing. By using drama techniques the pupils can be supported through the thoughts, feelings and situations that they may face, whilst maintaining an objective viewpoint.

#### Learning Level

Suitable for second stage pupils who are about to make the transition between primary and secondary education.

#### Space

A large clear space, most suitable would be either a gym or assembly hall.

#### Time

90 minutes

#### Additional Information

This workshop could be carried out in short session over several weeks, or as one session.

As with all of our workshops it is extremely important the class teacher stays with the group at all times. This ensures that the learning experiences and outcomes are shared and that our workshops contribute effectively to the development of each and every young person.

Love Drama prides itself on creating a bespoke service that meets the needs of its clients. Love Drama is flexible and responsive to individual requests and the dissemination of all workshops can be tailored to complement the outcomes and experiences you have included in your forward planning. You may choose to work with us in a one-off session, over four weeks or for the duration of a term, in order to create a learning experience that effectively supports all participants. If you have any queries regarding participation within these workshops, please do not hesitate to contact us.
