

LOVE DRAMA

Curriculum for Excellence Workshops

Social Studies: |History|Victorians

Content

Welcome to the Victorian world! This drama workshop investigates what it was like for children living at that time. Using a variety of drama techniques your pupils will explore work and play under Queen Victoria's reign. What was it like to work in a factory, work as a chimney sweep or go to a Victorian school? Find out how your great, great, great grandparents lived over a hundred years ago.

Learning Level

Suitable for early, first and second stages with information and delivery adapted to the needs of your class.

Space

A large clear space, most suitable would be either a gym or assembly hall.

Time

Early/First – 60 minutes

Second – 90 minutes

Additional Information

As with all of our workshops it is extremely important the class teacher stays with the group at all times. This ensures that the learning experiences and outcomes are shared and that our workshops contribute effectively to the development of each and every young person.

Love Drama prides itself on creating a bespoke service that meets the needs of its clients. Love Drama is flexible and responsive to individual requests and the dissemination of all workshops can be tailored to complement the outcomes and experiences you have included in your forward planning. You may choose to work with us in a one-off session, over four weeks or for the duration of a term, in order to create a learning experience that effectively supports all participants. If you have any queries regarding participation within these workshops, please do not hesitate to contact us.
